GOSSIP BY OUR CORRESPONDENTS

THAT MAY OR MAY NOT INTEREST YOU

Home Creek.

Well, after some delay we are here again and feeling good after our fine little rain. Our crops are looking fine and the people around this neck-o-the-woods are listing wheat ground and getting ready to sow wheat this fall.

There is quite a lot of sickness in the neighborhood now. Herb Grace has two sick children with summer complaint.

Henderson and Orville Wilson, of Cushing, Oklahoma, have come in to visit their parents, J. E. Wilson, and to help jerk the big crop of corn.

These rains are fine on C. B. Barker's watermelon and cucumber patch and roasting ears and everybody's crop. People sure needs a drop this year.

Walter Busch has got quite a lot of roasting ears and they are sure fine.

Mrs. L. A. Hatcher is on the sick list at this writing.

J. E. Wilson, J. A. Baker, Mr. Potter, Jake Little and C. B. Barker went to Beaver Monday to see about a threshing.

Mr. Rose is fixing to go to old Missouri and is making himself a new wagon bed. Old Beaver county looks good to me and I come from Missouri.

The Wilson boys say that crops are better in Beaver county than they are between here and Cushing. How is that? Nearly everybody that leaves old Beaver county comes back some time, so you that expect to leave just as well stay.

John Wilson is stacking bundle wheat this week. C. J. Leisure also has some to stack in the bundle.

Has Your Child Worms?

Most children do. A Coated, Furred Tongue; Strong Breath; Stomach Pains; Cries under Eyes; Pale, Salty Complexion; Nervous, Fretful; Grinding of Teeth; Tossing in Sleep; Peculiar Dreams—any one of these indicate Child has Worms. Get a box of Kickapoo Worm Killer at once. It kills the Worms—the cause of your child's condition. Is Laxative and aids Nature to expel the Worms. Supplied in candy form. Easy for children to take. 25c., at your Druggist.

Sophia Clatter.

The Gospel team of View Point, Texas, came to South Plains Baptist church, Sunday, and held two interesting and instructive meetings. The team was composed of some 30 or 32 members. By some misunderstanding dinner was not given on the grounds as per schedule but all the hungry were fed by the different ones in attendance. The meeting was good and seemed to be thoroughly enjoyed. Mr. and Mrs. Charles Dickson were among the leaders of the team. Charley has quit Shattuck and is now conducting a small dairy farm and looking after Uncle Sam's mail route between the Kiowa postoffice and Lipscomb, Texas. Dan Spidle hasn't got started out threshing. His start was delayed by the company sending some of the wrong repairs which necessitates returning them and waiting for the right ones in their stead. He hopes however, to get started this week.

Eva Homes has taken up her residence in LaKemp where she will assist the landlady of the Crowel hotel to feed the hungry travelers and send him on his way rejoicing.

Sam Whitlow, our genial good-natured mail carrier, of Sophia, route No. 2 has gone to Eastern Oklahoma on a short business and pleasure trip combined.

Joe Nichols' mother and sisters, who have been paying them a visit, started Sunday from Shattuck enroute to their home in Kansas City.

Lloyd Lindaner is helping Ora Williams in his fight with the weeds for the ownership of his row crop in which we hope the boys will come off the victors.

We had the pleasure of attending the commencement exercises at LaKemp last Friday evening which did quite well and we believe Mr. Black's talk was highly appreciated. He surely did tell the people many truths and gave the young graduates some very splendid advice which they all would do well to heed. The class consisted of eight girls and three boys of which two girls and two boys were from Plain View school. We think Plain View ought to feel highly honored as we understand that she held the record for the largest number of graduates of any single school district in Beaver county.

The Mothers' Club's ice cream supper Saturday night was a failure on account of the rain. But we think

the rain did more good anyway than the supper would.

The B. C. G. A. will give a social at the North Forks school house Saturday night, July 26. Everyone invited. Ice cream and lemonade will be served to the waiting crowd by smiling lads and lassies at 5 cents per dish for cream and lemonade 5 cents for two glasses.

ED. P. HILL LEADING IN ATTORNEY GENERAL'S RACE.

Dear Editor:

Judge Ed. P. Hill, of McAlester, has lots of warm friends in this county. Ed. P. Hill fathered the new law which make gambling and boot-legging a felony in Oklahoma. The outlaw element bought enough votes to hold up these laws, but the people will vote on them August 4th. We know that Oklahoma will vote for purer and safer homes.

You will recall that Judge Hill was head of the Investigating Committee of the last Legislature. The Committee forced the resignation of several high State officials because of dishonesty and extravagance. Judge Hill also fought the "Marland Lease Steal," and demanded its cancellation, and fairer treatment to School Land Lessees, in the last Legislature.

Pastors of all denominations in his home city heartily endorse Judge Hill as an able lawyer of twenty-five years experience in the highest courts of Oklahoma and Texas—as an upright, influential citizen and pleasing gentleman—as the sincere law-enforcement candidate for Attorney General.

Bootleggers and gamblers and corporation-machine politicians are fighting Hill in Oklahoma City and in certain other large cities. Freezing, Giddings and Caldwell can have such support. Hill does not want such support. That is a pretty good reason why law enforcement people should give him a good vote in this county, August 4th.

Very respectfully,
LOCAL ED. P. HILL DEMOCRATS.

Surprise

It still rains in Beaver county. Another big soaking rain Sunday night put the ground in fine shape. Quite a few farmers this week are discing, listing or plowing. The wet weather stopped threshing until the stacks dry.

Wheat has yielded 11 to 20 bushels but our best wheat has not yet been threshed.

The yield on barley is about 38 bushels to the acre.

Row crops where properly cultivated look fine.

There was quite a picnic five miles north of here Tuesday. Our Sunday School picnic on Coon creek, July 31st.

The younger sisters of Mesdames O. A. Huff, Jas. Scoobee and Ray Boyce are making them extended visits this month. All seem to like Beaver county and its citizens.

Mr. Mansfield, we suppose, will be our new democratic postmaster at Logan after August 5th.

Dexter Gilger and O. A. Lash recently took a motor trip to southwest Kansas on business.

Mrs. McElroy and son were visiting last week.

The big gasoline plows southwest of here can plow 35 acres of stubble ground per day.

The best farmers are conserving the rainfall.

TEN POPULAR LIES.

No, we've lived together ten years, and if a cross word has ever passed between us I don't remember it. Oh yes I drink some, but I can stop whenever I want to, without any trouble at all.

Yes, I used to have one of the heaviest heads of hair in town.

Well I'm a little hard up now, but I'll pay it sure next month.

I don't know what can be the matter with him. He never does this way at home.

Oh no, I couldn't eat another bite to save my life. I don't know when I did eat so much.

I'd just like to see one of mine act that way, I'd take the hide off him.

Why it's not late at all, what do you want to rush off for?

No, I'd be only too glad to lend it to you, but I just haven't got it.

Your daughter plays beautifully, it's a treat to hear her.

SPEAKER CHAMP CLARK FOR STATE RIGHTS.

To a delegation of the National American Woman Suffrage Association yesterday, Champ Clark of Missouri, speaker of the House of Representatives, declared that "Woman suffrage is inevitable as the rising of tomorrow's sun." No unusual gift of perception was needed for this assumption, as in more than one-fifth of the states of the American union, the ballot for the sex is already a fact accomplished. The women of Colorado have voted for many years. In California the women have as easily as to the manner born assumed their rightful part in public affairs. Numerous offices are administered by women in Kansas. The cause in the United States is progressing for reason of the capacity of the women to convince the men that they can campaign and vote and hold office and assist for defining public policies without being any the less womanly or making their homes less homelike. Further in his remarks Speaker Clark averred the main question the women should consider was how most expeditiously to get what they were after; and he said, you can get it quicker by the States than by Congress.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble—Neutralizes acids.

Uric acid in meat excites the kidneys they become overworked; get sluggish ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night.

When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
